110 Director/Executive Table

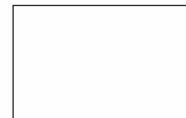

#### MODEL : P110

Metal texture is an important feature of industry. Today, with the development of scientific and technological means, the appearance of metal products in the appearance is no longer a thousand miles away. It is based on this psychological advantage that metal is widely used in furniture products, and the characteristics of the material itself give her unparalleled plasticity.

Metal texture is an important feature of industry. Today, with the development of scientific and technological means, the appearance of metal products in the appearance is no longer a thousand miles away. It is based on this psychological advantage that metal is widely used in furniture products, and the characteristics of the material itself give her unparalleled plasticity.

# Smart20

work better

A 60mm partition based workstation system that adapts to any layout. Its immaculate post caps make it a designer's delight. Decorous and systematic bays build a professional and engaging workplace.

## KEY FEATURES

- Slide-on tiles to ensure perfect alignment
- Offers choice of 60mm
- Large range of components to suit every need & design
- Die-casted chrome finish caps

## STRUCTURE AND CABLE MANAGEMENT

- Robust structure
- Anodised and powder coated aluminium frame
- Excellent wire management with raceway at multiple levels

**Purvikaintero**  
Innovative Concepts... Creative Design

Smart Sixty offers perfected modularity, high functionality and an aesthetically pristine workstation solution for the modern office environment.

An all aluminium structure offered in both anodize and powder-coat finish, with separate 9mm tiles above and below the work surface allows to package the environment with infinite combinations of material, color and finish.

A removable flush mounted raceway design and the individually removable tiles pave the way for maximum wire management in all axes is a unique proprietary feature of this elegant system.
